**Benchmark:** The Fund is actively managed and uses the MSCI AC World Total Return Net Index as a performance target and to calculate the performance fee. The benchmark has been chosen as it is generally considered to be representative of the investment universe in which the Fund invests. The performance of the Fund is likely to differ from the performance of the benchmark as the holdings, weightings and asset allocation will be different. Investors should carefully consider these differences when making comparisons. Further information about the benchmark can be found <http://www.msci.com>. The actual investments in the Fund may or may not be the same or in the same proportion as those shown herein.

**Risk: Factors affecting fund performance may include changes in market conditions (including currency risk) and interest rates, as well as other economic, political, or financial developments. Past performance is not a guide to or indicative of future results. Future returns are not guaranteed and a loss of principal may occur. Polar Capital may also receive a performance fee based on the appreciation in the NAV per share and accordingly the performance fee will increase with regard to unrealised appreciation, as well as realised gains. The performance fee may create an incentive for Polar Capital to make investments for MST which are riskier than would be the case in the absence of a fee based on the performance of MST.**

**Country Specific Disclaimers:** It is the responsibility of any person/s in possession of this document to inform themselves of, and to observe, all applicable laws and regulations of any relevant jurisdiction. Neither Polar Capital nor MST shall be liable for, and accept no liability for, the use or misuse of this document. Please be aware that not every sub-fund of MST or share class is available in all jurisdictions.

**Luxembourg and the United Kingdom:** The Fund is registered for sale to all investors in these countries. Investors should make themselves aware of the relevant financial, legal and tax implications if they choose to invest.
